STUDENT RESPONSE PACKET **ARCHERY**

NAME DATE

WHAT TO DO

The following questions will help you to have a greater appreciation and understanding of archery. Write your answers in the spaces below the questions. If there is not enough room, write on the backs of these sheets. Be neat, spell correctly, and write in complete sentences.

1. What are the physical benefits to be obtained from archery?

2. What are some of the factors an archer must consider in his/her choice of a bow?

3. What is “the draw weight” of a bow?

4. Describe the ten steps in shooting a bow and arrow.

5. True or False: A good archer keeps his/her body and arm tense and rigid at all times.

6. What do beginning archers need to do before they begin to practice archery?

7. Should you ever shoot an arrow straight up into the air? Explain.
